VOYNOW, BAYARD WHYTE AND COMPANY

These general procedures should be in operation for effective internal control in your dealership.

1. Blank checks should not be signed.
2. All financial institutions should be notified that no cashiers checks should be issued on behalf of the dealership.
3. All negative balances in the financial statement should be investigated immediately.
4. Institute mandatory employee vacation.
5. Dual signatures should be required on checks.
6. Outside parts purchases should be monitored.
7. All mail should be opened by the dealer or designated individual.
8. Checks should be deposited in the bank timely. Also we recommend the use of the new in house bank deposit system were checks are deposited immediately in the bank daily.
9. All R&R edit reports must be reviewed daily. Cash edit report, open repairs, Open part invoices etc.
10. Cash sales clearing account should be reconciled daily.
11. Unauthorized and authorized access into the computer system should be monitored on an ongoing basis.
12. Computer passwords should be changed sporadically through the year to maintain interim control over unauthorized use of the system.
13. All journal entries made to the accounting records should be authorized by the controller and signed off as part of the month end review process.
14. Vendors should be notified that payment will not be made without a purchase order number on their invoice.
15. Make sure all payroll procedures are in place and being followed. (Time cards are being used, Over time is watched etc.)
